

Well & Groundwater-Level Information for Colorado

Colorado Division of Water Resources

1. **AquaMap** Groundwater – Water (An interactive map-based search tool)
<http://water.state.co.us/DataMaps/GISandMaps/AquaMap/Pages/default.aspx>

Read the User Documentation and Frequently Asked Questions before looking for data. Can determine permit numbers for wells of interest, for use with Well Permit Search.

2. **Well Permit Search** <http://www.dwr.state.co.us/WellPermitSearch/default.aspx>
Click on the “HELP” button for Users Guide

Download documentation for wells of interest. Helpful if one already knows the County and permit numbers (or owners' names).

3. **Bulk HydroBase Data Exporter** This tool allows users to export all Structures, Stations, Well Permits, and Water Rights (Transactions or Net Amount) for one or more Divisions.
<http://www.dwr.state.co.us/HBGuestExport/HBGuestExport.aspx>

This tool allows download of data by CDWR Divisions (major river basins) suitable for import into GIS or other databases.

4. **Groundwater – Water Levels**
<http://cdss.state.co.us/onlineTools/Pages/GroundWaterWaterLevels.aspx>

Find ground water level measurements through time at specific well locations, as well as alluvial and bedrock aquifers

USGS Water Data for Colorado

1. **Mapper** -- Interactive map of all sites in the U.S. Geological Survey National Water Information System (NWIS) with links to available water data for individual sites.
